POST WORKSHOP/CONFERENCE REPORT

Submission of Workshop/Conference reports

Two weeks after attendance of workshop or conference, members of staff are expected to submit brief reports. The objective of the report is to identify lessons/experiences for dissemination, share ideas and best practices and potential networks/partnerships to be pursued. The report should incorporate the following:

- ✚ The **Summary Statement** - describe the workshop/conference attended (Where? When? Conference objectives? Target Audience? Conference organisers?)
- ✚ The **Workshop/ Conference Details** describe the themes discussed:
 - Describe your expectations or objectives(s) in attending the workshop or conference.
 - Describe your overall reaction to the workshop or conference and whether your expectations or objective(s) were met.
 - Mention what aspect of the workshop or conference was of particular value to you.
- ✚ List the **Lessons learnt or conference outcomes**
- ✚ Attach additional documents like **paper presented, PowerPoint presentations.**

The report and accompanying documents should be submitted in electronic format to the Registrar Research, Innovation and Outreach at <registrar-rio@ku.ac.ke>.

CONFERENCE/ WORKSHOP REPORT

Attendee Name: Dr. Teresa Mwoma

Attendee Designation and Department: Senior Lecturer

Title of workshop/conference: Annual Scientific Congress for the Kenya Pediatric Association

Conference URL: [Click here to enter text.](#)

Conference Summary: *Brief description, conference organisers, target audience, venue and duration.*

The Kenya Paediatric Congress brought together Paediatricians from the private sector, academia and research as well as colleagues from the region to share experiences and knowledge on child health. The congress also provided an opportunity for paediatric care professionals, Health policy makers and other service providers to interact and create regional networks.

The target group for participation at the conference were Paediatricians and other HCPs' involved in Paediatric care and management as well as Associate members involved in child health.

Workshop/ Conference Objectives: *Describe conference objectives*

The purpose of the conference was to provide members with professional support and share clinical information that would enable them to handle new and emerging children's diseases.

Lessons learnt: *Identify specifically what you are bringing back from the conference that relates to your departmental/school/University objectives.*

It was apparent from the conference that children's health is a concerted effort for all players ranging from the medics, caregivers, teachers and the community at large. That all player should be keen to ensure that children are supported to be healthy.

Title of Paper/Presentations/Lectures done by self:
Community perspectives on early childhood development in Kenya
Partnership/Collaborations/Funding Opportunities/Networks Developed: <i>List new contacts developed that may be useful for collaborations and funding</i>
Networking with key players in the health sector including medics and officers from the Ministry of Health players
Additional Comments.
Attending this conferences was a great opportunity to gain insights on children's health.
