

"REFLECTIONS ON THE DEBATE BETWEEN TRADE AND ENVIRONMENT

A STUDY GUIDE FOR LAW STUDENTS, RESEARCHERS AND ACADEMICS

This book is intended to provide information for students, researchers, and academics in the field of international environmental law and the law of international trade. It could serve as a simple guide in this regard. It discusses the trade and environment debate with relevant case studies and legislation from WTO and EU jurisprudential perspectives. The book also pays attention to the relevance of this debate regarding African countries in their implementation of trade and environmental policies within the context of a green economy and how these relate to pertinent environmental issues, such as climate change, pollution, and waste trade."
